10-3 Examination Procedure in Fujisawa-City (as of April 2021)

10-4 Vaccination

The COVID-19 vaccine will be administered sequentially to healthcare workers, the elderly, and those with underlying medical conditions. Please be patient and wait until your turn comes.

Although it is possible that there will be a short waiting period, all those who wish to receive the vaccine will be able to receive it in due course.

The vaccine should be administered in the city, town, or village where your residency is registered (place of residence), except if you are hospitalized or admitted to a facility.

The vaccination is free of charge.

Vaccination Process

- ① Your municipal office will send you a notice, a coupon, and a list of medical institutions in your town.

The enclosed coupons are for two inoculation certificates or vaccination certificates. Bring this form with you each time, and please do not cut them off.

- ② Make an appointment directly with a medical institution from the list enclosed.
- ③ Bring a coupon and an ID to the clinic on the appointed date/time.

Please measure your body temperature at home before the vaccine and refrain from getting the vaccine and contact the municipal office or medical institution where you made the appointment if you have an obvious fever or do not feel well.

- ④ In order to get the full effect of the vaccine, it is necessary to receive two doses of the same type of vaccine at a set interval. When you receive the first dose, please check when you should receive the next vaccination.

Note

Fujisawa-city will complete sending out coupons within July 2021. For the students who will move in the city after July, please remind the city hall/center staff you need coupons for vaccination at your residence registration.
